Objective

Objective B.Tech Computer Science Engineering (Data Science) student with hands-on experience in web development and internships. Seeking an entry-level opportunity where I can learn, contribute, and grow professionally in a dynamic organization.

Education

Computer Science and Engineering -Data Science

Aditya Engineering College 2022 – 2026

Intermediate (Class XII)

Narayana junior College

Board of Intermediate Education, Andhra Pradesh 2020 – 2022

Secondary School Certificate (Class X)

Board of Secondary Education, Andhra Pradesh 2019 – 2020

Technical Skills

- **Programming Languages:** Python, C, SQL
- **Web Technologies:** HTML, CSS, JavaScript
- **Frameworks & Libraries:** React.js, Node.js , express.js
- **Databases:** MySQL, MongoDB
- **Tools:** Git, GitHub, VS Code, Jupyter Notebook

Coding Profiles

- HackerRank: hackerrank.com/profile/koteswarnaidu
- GitHub: github.com/Naidu-07825
- LeetCode: leetcode.com/u/fLwgmJUM08

Experience

Web Development Intern – ApexPlanet Software Pvt. Ltd. May 2025 – Jun 2025

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Implemented UI components, forms, and animations.
- Improved website performance and accessibility.
- Collaborated using Git and VS Code for version control.

Android App Development Intern – ApexPlanet Software Pvt. Ltd. May 2025 – Jun 2025

- Built user-friendly Android UI using XML and modern design principles.
- Integrated backend APIs and handled authentication and navigation.
- Performed testing, debugging, and performance optimization.

Software Development Engineer (SDE) Intern – Bluestock Fintech Jun 2025 – Jul 2025

- Successfully completed a Software Development Engineer internship at Bluestock Fintech.
- Worked on software development tasks involving problem-solving and application logic.
- Gained hands-on experience in real-world development workflows and industry practices.
- Collaborated in a professional fintech environment to deliver assigned tasks on time.

Projects

SupplyChain-Insights-Hub (Smart Healthcare Supply Chain Monitoring System)

- Developed a full-stack web application for real-time monitoring and analytics of healthcare supply chains.
- Implemented dashboards for tracking hospitals, orders, inventory status, and system analytics.
- Integrated RESTful APIs with MongoDB and Socket.IO for real-time chat, notifications, and data updates.
- Designed role-based access for admin and hospital users with secure authentication.

SpeedCopy – Online Xerox & Stationery Website

- Built a full-stack web application for online printing orders with authentication, order customization, and admin order management.
- Integrated RESTful APIs with MongoDB and ensured responsive UI design.

Languages Known

- Telugu – Native Proficiency
- English – Professional Working Proficiency
- Hindi – Intermediate Proficiency

Certifications

- NPTEL – Cloud Computing
- NPTEL – Introduction to Industry 4.0 and Industrial Internet of Things (IIoT)
- HackerRank – SQL (Advanced)
- HackerRank – JavaScript (Intermediate)
- HackerRank – React (Basic)

Strengths

- Strong problem-solving and analytical skills
- Quick learner with adaptability to new technologies
- Good communication and teamwork skills
- Ability to work under pressure and meet deadlines

Achievements

- Successfully completed NPTEL certifications in Cloud Computing and Industry 4.0 with IoT.
- Designed and developed real-world full-stack web applications including SpeedCopy.
- Designed and developed a real-world full-stack web application (SupplyChain-Insights-Hub) for smart healthcare supply chain monitoring and analytics.

Extra-Curricular Activities

- Actively participated in technical webinars and workshops related to web development and emerging technologies.
- Engaged in self-learning through online coding platforms to enhance problem-solving skills.
- Collaborated with peers on academic and mini-projects, contributing to team-based development.
- Participated in college-level technical and coding activities.
